

# CHEF'S TOYBOX

EXOTIC TASTY FAVORITES

Week of October 11th, 2021

## Org Delicata

81098 | 35#

The thin, smooth skin has a creamy yellow base with green or orange, vertical stripes. Delicata squash is easy to slice, and the skin is also edible when cooked and does not need to be peeled before consumption

## Local baby Shiitake Mushrooms

402235 | 3#

From Ellijay Mushrooms- these Baby Shiitake mushrooms meaty little mushrooms with intense !They may be substituted in recipes calling for "wild mushrooms". May be sauteed, roasted or skewered and grilled

## Local White Mashed Potato Squash

400529 | 20#

winter squash has a bright white rind and a flesh that is nearly white. When baked and fluffed it has the consistency of mashed potatoes and is low in sugars. Great to use as a side dish or use as a vessel and stuff.

## Assorted Baby Beets

400083 | box

baby red, gold and candy stripe beets – harvested young for their edible roots, stems and leaves! Great Fall menu item

## Seckel Pear

400901 | 70ct

are best suited for both raw and cooked applications such as baking, simmering, and poaching. Known as a dessert pear, seckel pears can be used in baked goods like pies, tartlets, and muffins, dipped in caramel and chocolate as a dessert, poached with vanilla bean and cinnamon, or juiced and sliced to serve in cocktails such as mojitos

## Purple Sweet Potato

661022 | 10#

The flesh is vibrant purple. The flesh is drier than most varieties, so adding one or two tablespoons of liquid to the recipe will achieve a more desirable consistency. The vibrant color also makes a striking pie, smoothies, or gnocchi.

## Corno di Toro peppers

450213 | 10#

Also known as Italian bull's horn peppers, these are a long sweet pepper. The farmer is growing yellow and red so the 10lb case has a color blend

## Zellwood Corn

400246 | 24ct

is grown by Long and Scott farms mainly and even has its own festival. It's a bi-color corn with a flavor as sweet as pure sugar.

## Local NC Robins Koginut Squash

400356 | 25#

Robins Koginut Squash showcases a flavor that is sweet, squashy & delicious with a smooth velvety texture. The convenient size also lends well to a variety of plate presentations, including a center of the plate vegetarian dish.

## Mushroom Chanterelle

400889 | 6#

The golden child of the mushroom world, chanterelles are known for their beautiful yellow-orange color, their rarity (they're available fresh only in the late summer and fall), and most of all, their flavor—a subtle balance of black pepper, butter, apricot, and earth notes.

## Local Gold Apples NC

100094 | 401652 | 40#

These local Ginger Gold Apples from NC are sweet, juicy, and golden-yellow in color. They pair well with mild cheeses.

## Local Apple Cider

600010 | 4/1 gal

This Local Apple Cider from Sunny Creek Farm in NC is a seasonal favorite. With a sweet and creamy flavor, this cider is perfect for a fall menu.
