Pumpkins Long Island Cheese

100681 | case

Long Island Cheese squash has been favored for its smooth texture, and for its use in pumpkin pie and its unique shape which resembles a cheese wheel

Lucy Glo Apples

101031 | 1/2 bx

a tasty and tart apple with a hint of sweetness. It has a blushing gold skin and is naturally red on the inside

Fuyu Persimmons

100023 | flat

possess layers of flavor, reminiscent of pear, dates and brown sugar with nuances of cinnamon. Do not to store persimmons near apples or other ethylene producing fruits as they are ethylene sensitive and will ripen and spoil quickly when exposed

Quince

100513 | 2 lyr

edible, yellow-colored fruit that tastes similar to a cross between apple and pear. It's not too sour or sweet like apples can be and has a dense consistency akin to pears. It cannot be eaten raw and requires cooking to be edible

Seckel Pear

400901 | 70ct

Known as a dessert pear, seckel pears can be used in baked goods like pies, tartlets, and muffins, dipped in caramel and chocolate as a dessert, poached with vanilla bean and cinnamon, or juiced and sliced to serve in cocktails such as mojitos

Purple Sweet Potato

661022 | 10#

The flesh is vibrant purple. The flesh is drier than most varieties, so adding one or two tablespoons of liquid to the recipe will achieve a more desirable consistency. The vibrant color also makes a striking pie, smoothies, or gnocchi.

Cranberries

100166 | 20#

The acidity of the berries compliments both savory and sweet dishes. Whole berries can be halved and added to beverages like sangria, or chopped and added to salad greens or soft cheeses, great for desserts.

Red Watercress

490094810 | 1.5#

Red watercress has the same high levels of vitamins and antioxidants as the green variety and is emboldened with plum tones that electrify any dish

Onion Pearl Red Peeled

550087 | 5#

Crunchy, sweet, and mildly pungent when fresh and when cooked, they develop a savory, sweet, and slightly less pungent flavor than full-sized onions

Pea Dixie Lee Shelled

100891 | 10#

Heirloom variety of cowpea popular in the Carolinas. Limited amounts . order today your special thanksgiving guests!

Stalks Brussel Sprouts

400134 | 9ct

besides being a show stopper these stalks last longer than cut brussels and the stem is also edible

Pepper Habanada

500711 | 1#

the plant breeder had a specific goal with this variety: Keep the floral and fruity flavors of the habanero pepper while removing all of the heat
