## Ramps

400573 | 3#

considered a culinary delicacy and should be treated as such. Ramps has a piquant onion and garlic flavor with a woody, pungent aroma. The entire plant is edible, including the roots.

## Peach - Florida LOCAL

101097 | case

our favorite summertime fruit! Single layer flavorful, sweet and juicy!

## Squash Blossoms

400981 | 20/25ct

enjoy this delicate flower by dipping them into a light egg batter and frying, or they may be stuffed with a herbs and cheese, or try them raw in a salad

## Baby Globe Carrots

400188 | box

also called Thumbelina – a mini round carrot roughly the size of a golf ball when harvested. This gourmet carrot is delicious eaten raw or cooked with no need to peel! It is the perfect bit size for fresh eating

## Cherries

100563 | case

California cherries have a sweet, mildly tart flavor well suited for both savory and sweet preparations eat them raw, make jam, or pickle

## Fresh Fava Beans

400918 | 5#

These favas can be thrown on the grill and eaten whole; get chopped up, pods and all, and added raw to salads; or just eaten out of hand. Favas at this point taste fresh and green, similar to a sugar snap pea with a bit more nuttiness

## Apricot

100118 | layer

Apricots can be used in both raw and cooked applications, and in every type of dish from appetizer to dessert.

## Rhubarb

400877 | 15#

A tell-tale sign of spring! The edible part of this perennial plant is the vibrant pink stalk, which is almost always cooked with lots of sugar because it is very sour.

## Kalera Krunch LOCAL

400331 | 18ct

Grown right here in Atlanta at Kalera farms Crispy, Crunchy, Sweet Juicy Leaves. Great for burgers, sandwiches and salad. Support local!

## Lemon Thyme

490132 | 1#

can be used to flavor poultry, seafood, and vegetables, and will accentuate the natural flavor profiles of fish and meat dishes in particular.

## Petite Mache Crowns

400944 | 50ct

is most frequently featured in salads. Its mild flavor makes it a great companion with spicier greens such as arugula or served simply dressed on its own.

## Kafir Lime Leaves

400379 | 1#

impart a bright and pleasantly tangy taste that you'd expect from any citrus. But they also have a complex, herbal depth of flavor that simply doesn't compare to anything else
