NEW Onion Red Torpedo FM

158030 | 12 ct.

These very versatile onions are great for both cooking or raw applications. Their oblong shape is similar to that of a torpedo and is how these heirloom onions got their name. They are light purple/red in color with edible green stalks on the top that can be prepared just like a scallion.

Squash Grey Mexican

189160 | 20 lb.

This squash has a pale green skin that is thin and tender. The inner flesh is nearly seedless and is whiter and sweeter than green zucchini. These can simply be subbed or added to your favorite zucchini or summer squash dish to change things up a bit.

Squash Tatum

186780 | 35 lb.

Change it up a bit with this round ball shaped summer squash. Tatum Squash has a thin spotted light green skin and the flesh is very similar to a yellow squash or zucchini. Mostly often used in latin cooking this squash is great for stews, casseroles, or sliced and fried with other complimenting veggies.

Bean Yellow Haricot

109120 | 5 lb.

Also known as yellow haricot beans, these beans are unmatched with their flavor and are faintly grassy, crunchy, and sweet. They can be served both raw or cooked but their flavor and texture is best when just slightly cooked.
