Pear Asian FM	169150	1 layer	A cross between an Asian Sand Pear and Bartlett Pear. These pears are actually an old American Variety. They have a yellow to pale green color skin and the flesh is coarse and juicy with a mildly sweet flavor.
NEW Apple Heirloom Hidden Rose	102855	28 lb.	These heirloom apples have a beautiful yellow skin with red blushing. They are juicy, crisp, and richly flavored. The deep red colored flesh is what makes these apples so popular.
NEW Buddha Hand	112420	5 ct.	Due in Monday 11/21/22. Buddha's hand is a citrus fruit in the citron family, which looks like a lemon with long, finger-like segments growing from it. While it contains no fruit or pulp, it is extremely fragrant, and the peel and rind can be used for multiple applications.
NEW Mandarin Satsuma	160840	22 lb.	Due in Monday 11/21/22. Satsuma mandarins have an orange-red, somewhat leathery peel with prominent oil glands. The loose-fitting rind is full of volatile oils, which release a bright citrus aroma. The dark orange flesh is firm, extremely juicy and these are seedless making them a great hand fruit.
Orange Bergamot	160380	10 lb.	This unique citrus matures from green to bright yellow. The flesh is soft, pale yellow and it has a very acidic, tart, and bitter taste. Bergamot orange are best known for their aromatic rind that is full of essential oils and have floral notes with citrus undertones.
Grapefruit Oro Blanco	602925	25 lb.	This hybrid fruit is covered in a thick easy to peel that ranges from green to yellow. Oro blanco is juicy with flesh that is sweet and could be mildly tart. This fruit makes an excellent raw application and is great as a hand fruit.
Yuzu Fruit FM	197700	10 lb.	These yellow limes are extremely popular in Japan. In America, they have become very well known from the sweet and fragrant juice. Try using the zest in pretty much anything or using it to make kosho.
NEW Puntarelle FM	179150	6 ct.	Due in Monday 11/14/22. A chicory variety, puntarelle has a cream white base with dense thick white and green shoots that come to a point. Know for its crispy texture and distinct peppery flavor.
Persimmon Hachiya	170500	20/22 ct.	These bright orange fruits are oval and elongated. They are very astringent before they ripen. Ripe Hachiya persimmons are soft, squishy, and have flavor notes of brown sugar, cinnamon, honey, and mango.
Persimmon Fuyu	170440	18/20 ct.	These fruit are deep orange in color. They are sweet and not astringent like the Hachiya. Great for both cooked or raw applications.
NEW Pumpkin Black Futsu	178780	10 lb.	An ancient Japanese heirloom variety squash. Black Futsu squashes have a sweet and slightly nutty flavor when raw, and when cooked, the flavor deepens into a taste similar to roasted chestnuts with a smooth, creamy texture. They have a very dark green skin that looks black, are heavily ribbed and covered in bumps.
